

**The core value of Natural Since Day One program encompasses the animal, how it is raised, it's diet and how it is processed.**

**Our primary principals are based upon the following:**

- **NEVER-EVER** allowing the use of Antibiotics, Hormones, Steroids or Growth Promotants
- **Superior** breeding and breed selection
- **Humane** treatment ensuring natural open spaces, fresh air & abundant fresh water
- **All-Natural** vegetarian diets that never include animal by-products
- **Only** processed in USDA federally inspected facilities
